RE: Notification of Amendment of Large Mine Permit M/001/027  
Trust Lands Mineral Lease ML 3092-Perlite

Dear Mr. Gatten,

Thank you for your notification of intent to amend large mine permit M/001/027. The lands in and around ML 3092-Perlite contain known archaeological resources. Lessee/Applicant is therefore requested to obtain the services of a qualified consultant, at sole cost to the Lessee/Applicant, and complete an archaeological survey of all trust lands proposed for mining or surface disturbance or other uses under ML 3092-Perlite. A copy of the completed survey should be submitted to the Trust Lands Administration for review and approval prior to the disturbance of any addition trust lands acreage.

I am enclosing for you convenience a list of archaeological consultants approved by the Trust Lands Administration. Please contact me if you have any questions in this matter.

Sincerely,

John T. Blake  
Mineral Resources Specialist
